

A family run business for over 45 years producing
more than just windows.

We are passionate about getting close with our
clients and creating beautiful projects.

Introduction

Hello, here is a little bit about us

Here at European Window Co. (EWC) we are passionate about what we do. Established in 1976, our wealth of knowledge and thriving project library has grown immensely over the decades.

We maintain a strong client focus in all our work, and are committed to providing an exceptional level of service through all phases of each project.

Our highly experienced team are dedicated to producing innovative and sustainable window and door solutions for both residential and commercial projects throughout Australia.

EWC only uses directly employed staff and installation teams. Our installation teams attend extensive training courses and are all qualified to the latest health and safety standards.

We focus on and care about protecting our environment with our advanced thermal break technology without compromising on the build and design dreams of your project.

Products

We produce windows and doors in...

ALUMINIUM

Offering superb quality and an unrivalled level of design flexibility, our aluminium window systems are the choice of award-winning architects across the country. European inspired design supplied in Australia by Thermeco.

THERMECO™

MINIMAL

Designed to meet the unique demands of modern architecture, our slimline window designs minimise frame detail to enhance the aesthetics of your home. Our minimal sliding systems are sourced from KELLER minimal windows® in Luxembourg and manufactured in Australia.

STEEL & BRASS

From the timeless elegance of brass to the modern sophistication of steel, our range sets new benchmarks in quality and beauty. Our brass and steel window systems are sourced from Secco in Italy and manufactured in Australia.

Design & Specs

This is how we operate...

Consultation & Design Phase

Our talented and qualified team will review your Window Schedule & Floor Plans. They will work closely with you and consider your budget, energy requirements and design.

1 Consultation & Design Phase
Our talented and qualified team will review your Window Schedule & Floor Plans. They will work closely with you and consider your budget, energy requirements and design.

2 Estimation & Tender Package
We will produce a detailed quotation of your window package.

3 Contract Administration
Upon acceptance of our quote, EWC will produce contract documentation which includes a detailed window schedule for approval.

4 Project Management
Your project will now be allocated to one of our professional and skilled Project Managers. They will be in charge of the job and be your point of contact throughout the remainder of the project.

5 Procurement
Here we will order the materials and hardware required for your project. We develop a cutting list and full details ready to be handed over to our Production Team.

6 Production
We make your windows! Precision and quality is key. We quality control each window and door before it leaves our factory.

7 Site Installation
We make sure all openings on the site are clear and ready for window installation. Our project managers work closely with our installers and install each window and door until perfect.

8 Final Commission & Handover
Our trained service technician attends the project and undergoes a final inspection on each item will be conducted.

Our People

Meet our team of experts ready to help you

Carl Costabile

MANAGING DIRECTOR

[SINCE 1998]

Meet Carl, a leader in the window manufacturing industry with over 25 years of experience. Mentored by his father Eugenio, the founder of European Window Co, Carl joined the company in 1998 and has played a pivotal role in shaping its success. Passionate about people and committed to constant improvement, Carl's vision guides the company's direction into the future.

Marco Di Gregorio

SALES MANAGER

[SINCE

2012]

Meet Marco, the dedicated leader of our talented sales team at European Window Co. With over 13 years of experience in building design and construction, Marco brings extensive knowledge and skills to his role. He holds an Advanced Diploma of Building Design and a Certificate IV in Building & Construction, making him a valuable asset to our team. Marco is passionate about building strong relationships with his clients and takes pride in finding creative design solutions that meet their unique needs. His attention to detail and commitment to quality are evident in every project he undertakes.

Andy Feng

PRODUCTION MANAGER

[SINCE 2013]

Introducing Andy, a highly skilled professional who completed his Bachelor of Engineering Management at the prestigious University of Melbourne in 2010. At EWC, Andy is an invaluable asset to our team, utilising his exceptional eye for detail and strong work ethic to manage our production processes with the utmost efficiency. He is responsible for overseeing procurement, production scheduling, and the preparation of all necessary production paperwork. With Andy's expertise and leadership, our production processes are streamlined, ensuring timely delivery of high-quality window systems to our valued clients.

Dylan Jones

PRODUCTION MANAGER

[SINCE

2013]

Meet Dylan, a dedicated professional who has made significant contributions to every area of EWC during his impressive 13-year tenure with our company. Beginning as a fabricator, Dylan worked his way up through the ranks, gaining invaluable experience as a site-installer before progressing to production scheduling. With a long list of impressive skills, he takes great pride in leading and training our factory team to ensure that each and every window is crafted to the highest quality standards.

Danny De Marco

INTERSTATE & INTERNATIONAL
PROJECT MANAGER

[SINCE 2013]

Introducing Danny, a true industry expert with a passion for excellence and a proven track record of success spanning more than 20 years with European Window Co. With his exceptional skill set and keen eye for detail, Danny is known for his unwavering determination and drive to deliver the best possible results for his clients. Specialising in the most challenging and unique projects across Australia and New Zealand, Danny's expertise and innovative approach have earned him a reputation as a leader in the industry.

Brad Whitchurch

SENIOR PROJECT MANAGER - VIC

[SINCE 2019]

Meet Brad, an exceptional member of the European Window Co. team with a passion for design and a keen focus on delivering projects ahead of schedule. With a strong carpentry background and over 13 years of experience in the window industry, Brad is a versatile professional with a wealth of expertise in both commercial and residential projects. Approachable and easy to work with, Brad brings a comprehensive set of skills to our team, including exceptional attention to detail and a commitment to excellence that is second to none. With Brad on board, our clients can expect a seamless and successful project from start to finish.

Jason Bela

SENIOR PROJECT MANAGER - VIC

[SINCE 2014]

Jason has been a dedicated member of European Window Co. for over 10 years, bringing extensive experience in site management and window specific installations. With a Certificate III and IV in Project Management, he excels at overseeing projects from start to finish, ensuring quality and efficiency. His strong problem-solving skills and attention to detail allow him to turn project plans into high-quality results. Jason enjoys working alongside his colleagues and takes pride in contributing to successful project outcomes.

Ryan Thomas

PROJECT MANAGER - VIC

[SINCE 2023]

Ryan has been a valued member of the Euro team, bringing a strong background in both fabrication and project management. With 12 years of experience as a window and door fabricator and over three and a half years in project management, he has developed an excellent eye for detail and a deep understanding of the industry. Holding a Certificate III in Project Management from Melbourne Polytechnic, Ryan is a natural leader and an excellent problem solver. What Ryan enjoys most about working at Euro is the dynamic team environment, the company's exceptional reputation, and the variety of projects.

Peter Opletal

SERVICE MANAGER

[SINCE 2010]

With over 15 years at EWC and 27 years in the window industry, Peter brings extensive experience across fabrication, sales, production, service, site, and project management. His background in automotive engineering and certifications in machinery operation—including scissor lifts, boom lifts, and swing stages—add to his technical depth. A certified personal development and life coach, Peter is passionate about innovation, often working on custom engineering projects, CAD design, and 3D printing. He values the growth-oriented culture at EWC and enjoys delivering personalised service experiences to clients.

Yujun Chen

ACCOUNTS MANAGER

[SINCE 2017]

Introducing Yujun. Yujun's background in economics and finance, coupled with her exceptional attention to detail and proficiency, make her an outstanding finance professional. With a double degree in Commerce from Melbourne University, Yujun has demonstrated a strong work ethic and dedication to her field. She is skilled in managing project budgets and cash flow, establishing and enforcing accounting methods and policies, and reporting on the financial position of the company. Her exceptional organizational skills and financial expertise allow her to excel in a wide range of finance-related roles, making her a valuable asset to our business.

Amy Zhang

ACCOUNTS ASSISTANT

[SINCE 2023]

Amy recently joined our team and has been a valued team member since working at Euro Window. Before this, she worked for five years as a pharmacy technician in a residential pharmacy, where she honed her problem-solving and customer service skills. Amy holds a Bachelor of Business, majoring in Accounting, from Monash University. With strong analytical skills and keen attention to detail, she is excited to be part of the team and to return to her specialised field, making her work both enjoyable and fulfilling.
